Hi Everyone,

Here we are in August, the last month of Winter! We start with celebrating all horses. All thoroughbred horses celebrate their birthday on the same date, January 1 in the Northern hemisphere and **August 1** in the Southern hemisphere. After the first August 1st passes, a horse is considered a yearling. Such majestic creatures!!

Book Week will have us look at some of our favourite books and authors. Do you prefer a particular style of book? Maybe fiction, nonfiction, autobiographies, fantasy or crime stories?

August the 15th brings Ferragosto in Italy. For Catholics, it's the day to celebrate the Assumption of the Virgin Mary. Ferragosto in Italy marks a break from work, an opportunity to spend time with family and often a trip to the beach or mountains.

We will also take time to look at lighthouses and light ships. Did you know there are 23 lighthouses in Victoria. Australia's third oldest lighthouse, Cape Otway was built in 1848 and is the oldest surviving lighthouse on mainland Australia.

We look forward to sharing the month of August with you all.

Gillian, Leonie, Emily, Nola, Geri, Diana & the rest of the gang.
